Brian Essig
Essig's Tree & Landscape
16040 Hayes Avenue
Carver, MN 55315

Dear Brian,

I am writing for two reasons. The first is to thank you and your staff for helping us have a very successful Advanced Build a Pond Day for our contractor customers this last May 19th.

Your ideas, professionalism and foresight not only with the technical aspects of our Build a Pond Day focus, "How to Build a Swimmable Pond", but also in helping to better educate your competition, demonstrated that you understand the big picture. Which is that satisfied pond owners and clients create more desire for ponds and other landscape services.

We at Hedberg Landscape Supplies are thankful for our relationship with your company over the years. We have seen how you treat your clients and the quality of your work and will not hesitate to recommend your company for building water features or any other landscape hardscape project.

Yours truly,

A handwritten signature in blue ink that reads "St. Hedberg".

Stephen J. Hedberg
President

Swimmable Ponds - Are You in the Know?

Even if you are a veteran pond contractor, you'll want to attend our Advanced Build a Pond Day on Wednesday, May 19th in the Prior Lake area. Brian Essig, Essig Tree & Landscape, has built a number of large scale water gardens. He will be sharing his wealth of knowledge that day on how to build these in-demand swimmable ponds.

More and more homeowners want to replace their traditional concrete swimming pools for the year round beauty of a large, unique swimmable pond and backyard paradise.

To learn how to install large swimmable ponds like the one above, you'll want to register for our May 19th Advanced Build a Pond Day. Call (763) 392-5920 to register.

Led by Kevin Barry, our Water Gardening Manager, and Brian Essig, you will learn:

- The importance of ample water filtration and bogs
- How to build large scale ledges and a sediment trap
- How to stabilize and place larger size boulders
- How to create a comfortable and safe access in & out as you build a larger scale pond
- How to measure for your custom liner
- How to determine size & number of pumps you'll need in a swimmable pond
- How to calculate and place a custom order for larger pond materials with Hedberg Landscape Supplies
- How to install the Aquascape Designs, Inc. ProPond System

You won't want to miss this opportunity to add to your pond building skills! Cost is \$149.00 per person and includes continental breakfast and lunch. To register, call Gail at (763) 392-5920, e-mail to gails@hedbergaggregates.com or ask your Hedberg Landscape Supplies sales rep about this class.

If you are new to water gardening, you'll want to sign up for some of our pond classes:

- June 10 - Getting Started With Water Gardening - \$129.00/person
- June 25 - Basic Build a Pond Day - \$99.00/person
- August 26 - Basic Build a Pond Day- Detroit Lakes Area - \$99.00/person
- September 16 - Advanced Build a Pond Day - \$149.00/person
- October 7 - Build a Pondless Waterfall Day - \$129.00/person

Just give Gail a call at (763) 392-5920 or ask your Hedberg Landscape Supplies sales rep about these classes.
