CONSTRUCTION, INC.  
CUSTOM HOMES

---

November 1, 2000

Dear Subcontractor,

You may or may not be aware that the Worth Construction, Inc. Fall 2000 Parade Home # 297 was recently awarded the prestigious Reggie Award of Excellence. We truly feel this is an honor to be shared by the entire team of professionals that worked on this home. We are continually striving for premium craftsmanship and expect a lot from the subcontractors we work with. This time we are all acknowledged for the extra effort that is made.

Thank you for the quality of work you provided and the attention to detail. We are proud to have you as a part of the Worth Construction, Inc. team.

I have enclosed a magazine that featured this home for your reference of how the final product showed for the Parade of Homes. The article showing interior photos of the home at 21000 Sunnyhill Lane goes from Pages 18-20.

This has been very exciting for us and we could not have done it without you. We look forward to sharing more success' because of you in the future.

Sincerely,

Bill and Bobbi Worth  
Worth Construction, Inc.
